Established in 1948, the European Travel Commission (ETC) is a non-profit organisation with its headquarters in Brussels. Its role, on behalf of its more than 40 members, both National Tourism Organisations and private companies, is to promote tourism to Europe from long-haul markets, produce market intelligence and facilitate the sharing of best practices in tourism. The organisation also engages in advocacy actions to promote the importance of tourism as an engine for the European economy and to create benefits and remove disadvantages for the travel industry in Europe. ETC cooperates with the European Commission in promoting Europe as a tourism destination implementing projects in the form of ad-hoc and other grants.

The European Travel Commission is recruiting a Trainee for its Research & Development department. This is an exciting opportunity for a highly motivated junior professional who thrives on tourism- and research-related projects and working with institutions and international organisations. The position is for six months, renewable.

The Intern works within the Research & Development department and assists other departments of the organisation when needed, performing duties as assigned by the Head of the Department
