Chapter 1	7
What is tourism forecasting and how to do it?	7
1.1 What is Forecasting?	7
1.2 What to Forecast?	7
1.3 Quantitative versus Qualitative Forecasting	8
1.4 Time Scale, Time Series and Data Collection	9
Chapter 2	10
Basic Descriptions of Forecasting Methods	10
2.1 Simple Extrapolative Methods.....	10
2.2 No-change Extrapolation Method	11
2.2.1 General Description	11
2.2.2 Step by Step Guide	11
2.2.3 Technical Details and Mathematics	11
2.2.4 Simple Worked Example.....	12
2.3 Moving Average Extrapolation Method	13
2.3.1 General Description	13
2.3.2 Step by Step Guide	13
2.3.3 Technical Details and Mathematics	13
2.3.4 Simple Worked Example.....	14
2.4 Exponential Smoothing Extrapolation Method	14
2.4.1 General Description	14
2.4.2 Step by Step Guide	15
2.4.3 Technical Details and Mathematics	15

2.4.4 Simple Worked Example.....	17
2.5 Decomposition Methods	18
2.5.1 General Description	18
2.5.2 Step-by-step Guide to Removing Seasonality using Decomposition	18
2.5.3 Technical Details and Mathematics.....	19
2.5.4 Simple Worked Example.....	19
2.6 Simple Extrapolative Methods – Conclusions	21
2.7 Advanced Extrapolative Methods	21
2.8 Autoregressive Moving Average (ARMA) Method	21
2.8.1 General Description	21
2.8.2 Technical Details and Mathematics.....	22
2.9 Causal Models.....	22
2.10 Linear Regression.....	23
2.10.1 General Description	23
2.10.2 Step by Step Guide	24
2.10.3 Technical Details and Mathematics.....	24
2.10.4 Example of Linear Regression using Time as the Independent Variable	25
2.11 Multiple Regression Methods.....	26
2.11.1 General Description	26
2.11.2 Step by Step Guide	27
2.11.3 Technical Details	28
2.11.4 Concise Example of a Multiple Regression Model.....	28
2.12 Structural Econometric Methods.....	31
2.12.1 General Description	31
2.12.2 Step by Step Guide	32
2.12.3 Technical Details	33
2.13 Qualitative Forecasting Methods.....	33
2.14 Jury of Executive Opinion.....	34
2.14.1 General Description	34
2.14.2 Step by Step Guide	34
2.15 The Delphi Method	34
2.15.1 General Description	34
2.15.2 Step by Step Guide	35
2.16 Scenario Planning.....	35
2.16.1 General Description	35

2.16.2 Step by Step Guide	36
2.17 Mixtures of Methods	36
2.18 Comparing the Performance of Different Methods	37
2.18.1 Error Magnitude Accuracy.....	38
2.18.2 Directional Change Accuracy	39
2.18.3 Trend Change Accuracy.....	39
Chapter 3	40
Choosing a Forecasting Methodology	40
3.1 Getting Started	40
3.2 Resource Constraints	40
3.3 Choosing an Appropriate General Methodology	42
3.4 Choosing a Specific Forecasting Method	42
3.4.1 Categories of Methodologies.....	43
3.4.2 Using the Decision Matrix.....	44
3.4.3 Key to User Requirements.....	45
Chapter 4	47
Case Studies	47
4.1 German National Tourist Board's World Cup Forecast.....	48
4.2 VisitBritain's International Passenger Forecast	49
4.3 Kwa-Zulu Natal 5-year demand forecast	50
4.4 Romanian domestic tourism forecast	52
4.5 TRC New Zealand's 6-year Tourism Activity Forecast.....	53
4.6 Namibia TB's 15-year Tourism Growth Forecast	55
4.7 Namibia TB's 15-year Employment Growth Forecast	57
4.8 Fundación Premio Arce's International Arrivals Forecast 2006	58
4.9 VisitScotland's International Tourism Forecast.....	63
4.10 Tourism Research Australia's 10-year Tourism Growth Forecast	65
4.11 VisitBritain's Terrorism Impact Forecast	67
4.12 Japan Travel bureau Foundation's Tourism Demand Forecast.....	69
4.13 Tourism Authority of Thailand's International Tourism Forecast.....	70
4.14 Canadian Tourism Industry Forecast(s)	71
4.15 Airbus' Traffic Growth Forecast	72
4.16 Pacific Asia Travel Association's Forecasts of Tourism Demand	74
4.17 Hungarian NTO's Short-Term Forecast	78
4.18 VisitScotland's Avian Flu Scenarios Forecast	80

4.19 VisitScotland's Climate Change and Tourism Scenarios Forecast.....	82
4.20 Austrian National Tourist Office's Tourism Forecasting Techniques.....	84
4.21 CONSAVE 2050's Scenario Forecasting on Aviation and Emissions.....	85
List of Acronyms	87
Glossary.....	88
Bibliography.....	92
